

Michael Hanna

Pea Ridge, AR | hanna.michaelr@gmail.com | [/in/michael-r-hanna](https://in/michael-r-hanna) | github.com/mrhanna | mrhanna.dev

CCNA-certified technologist transitioning into IT support and infrastructure, with hands-on experience troubleshooting hardware, configuring networks, maintaining systems, and supporting non-technical users. Combines a background in university instruction and professional audio/visual production with independent technical work spanning computer systems, networking, software, and infrastructure.

Experience

Independent Technical Work | 2022 – Present

- **Live Events:** Own technical execution and real-time hardware troubleshooting for high-profile hybrid corporate events (e.g., Unilever). Manage physical setups, audio/video signal routing, and hardware switchers to interface live feeds with enterprise meeting platforms.
- **Development:** Developed web applications and REST APIs with TypeScript; maintain and extend legacy LAMP/PHP applications.
- **Homelab:** Maintain a segmented network and virtualization environment using managed switches, Proxmox VE, NetBox IPAM, and WireGuard VPN; manage VLANs, IP addressing, hand-terminated physical cabling, and Linux-based services.

Selected Projects:

Networking Labs | *Containerlab, Cisco IOS, Arista EOS, BIRD, FRRouting, Linux, Ansible*

CCNA-style campus networking and BGP routing labs covering VLANs, OSPF, FHRP, DHCP relay, ACLs, route selection, and traffic engineering. github.com/mrhanna/network-labs

SoNA Scheduling Application | *Google Apps Script, TypeScript*

A front-end app augmenting symphony education scheduling workflows within Google Workspace. github.com/mrhanna/sona-scheduler-google

Adjunct Lecturer | University of Arkansas | Fall 2024 – Present

- Provide specialized weekly instruction for jazz saxophone majors and minors, translating complex concepts into practical instruction for students with varying levels of experience.
- Coordinate directly with full-time faculty to align individual instruction with broader program goals.

Professional Musician & Private Instructor | Northwest Arkansas | 2018 – Present

- Maintain a premier performance schedule as a top-call woodwind specialist for regional symphonies (e.g., SoNA), national touring Broadway productions, and corporate/private events.
- Manage a successful private teaching studio; handle all client communications, scheduling logistics, and tailored long-term skill development plans for students.

Education & Certifications

- Cisco Certified Network Associate (CCNA 200-301) – May 2026
- Microsoft Certified: Azure Fundamentals (AZ-900) – July 2025
- Master of Music – Central Michigan University, 2018
- Bachelor of Music, *summa cum laude* – University of Arkansas, 2016

Technical Skills

Systems & Identity: Windows Server, Active Directory Domain Services (AD DS), Group Policy, Linux (Debian/Ubuntu), Proxmox VE, NetBox IPAM, Ansible • **Networking:** Cisco IOS, IPv4 Subnetting, VLANs, OSPF, BGP, STP, ACLs, DNS/DHCP, NAT, WireGuard VPN • **Hardware & A/V:** Endpoint Diagnostics & Repair, PC Component Upgrades, Ethernet/Cat6 Termination, Audio/Video Signal Routing, Live Presentation Systems • **Development:** TypeScript, Next.js, PostgreSQL, Git/GitHub, REST APIs, Google Apps Script
